DCID 1/7

1. Attached for consideration is a memorandum from the DIA Member seeking relief from DCID 1/7 restrictions in a particular case. DIA advises that the printing firm involved is one of their cleared contractors.

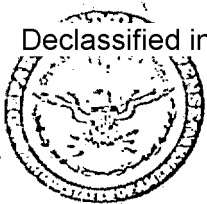

2. The circumstances in this case do not appear to be covered by either the letter or the spirit of DCID 1/7 provisions concerning use of the NOCONTRACT marking. Please provide me your views on this no later than the 21 July 1982 SECOM meeting.

MEMORANDUM FOR SECOM MEMBERSHIP

SUBJECT: Release of NOCONTRACT Documents for Commercial Printing

Reference: DCID 1/7

1. Request SECOM members grant DIA relief from obtaining case-by-case approval of originators for the release of non-DIA NOCONTRACT information up to Secret to a commercial printing enterprise.

2. Background:

a. DIA has a printing contract with one commercial printer, Goodway Graphics of Springfield, VA, to augment DIA document production capabilities. Goodway Graphics is strictly a printing enterprise, with no other commercial concerns.

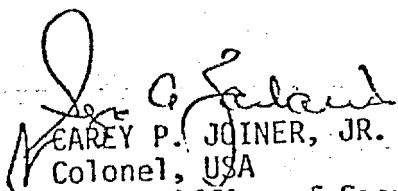

b. Goodway Graphics has been printing DIA classified documents for several years. The company is used 2-5 times a week to produce material up to Secret. A variable amount of this material incorporates NOCONTRACT information originated outside of DIA.

c. There are no known cases where release of NOCONTRACT information to Goodway Graphics has been denied to DIA. However, the need to obtain originator's release approval has caused repeated delays in the production of DIA intelligence documents.

d. Only finished DIA intelligence documents are released to Goodway Graphics. Unevaluated intelligence reporting or documents produced by non-DIA organizations are not released.

e. Originals and copies are returned to DIA after printing.

FOR THE DIRECTOR:

CAREY P. JOINER, JR.
Colonel, USA
Chief, Office of Security
